

## VIRTUAL TOUR L.K.G GOING TO THE ZOO...HOW ABOUT YOU?

A trip to remember. Owing to the outbreak of this pandemic, our lives have arrived at a standstill. This has especially affected children, since they are kept at home, which is not something they are used to. Considering the mundane daily activities at home, when we told our children that we would be going on a virtual tour to the Zoo, they were all so excited. It was heartening to see them turn towards their parents with an instant smile on their faces, and back to being cheerful.

With that cheerfulness and excitement, we started of our virtual tour to the Zoo at 10 AM on 09-Sep-2021 to Delhi Zoo and San Diego Zoo to see different animals. At the Zoo they were thrilled to see reptiles like snakes, big lizard, crocodiles, tortoise and animals like monkey, cheetah, gorilla, bears, giraffe, lion, donkey, camel. The children even spotted some birds like peacocks, parrots, flamingo, palm cockatoo.

This virtual tour helped the kids to revise concepts and sounds taught in the class. It was a learning experience for them, and we are sure that it was a memorable and positive experience as well. We ended the virtual tour with a song Going to the zoo.

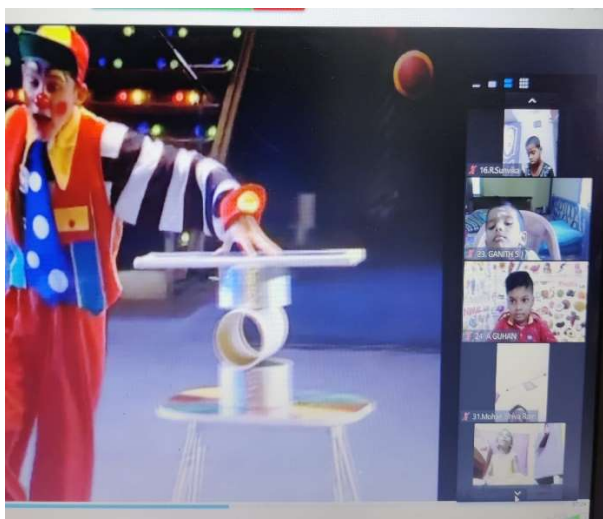

## VIRTUAL TOUR U.K.G Clowns with Rolla - Bolla.

Virtual tour for the U.K.G children was a real surprise when we told them we are taking them to a circus to see two clowns perform on Rola-Bola. They were very thrilled and excited to see the clowns dressed in vibrant colours. They were awestruck to see the clowns juggling with rings, ball and Rola- Bolla. The two clowns made everything look easy. But we know there is regular practice and hard work behind the task.

The clowns were somersaulting their way around the dias after each activity. Our tiny tots enjoyed the entire show with mesmerized attention. The two clowns were spinning the balls on their fingertips, they were balancing themselves on Rola-Bola simultaneously. It was really a wonderful virtual tour.

Children were very happy to see clowns. They learnt that balance, focus, hard work and regular practice is needed to do difficult task.

## **Short report:**

### Virtual tour

Children of L.K.G and U.K.G were taken to a virtual tour on 9<sup>th</sup> September,2021. They were very thrilled and excited. L.K.G children visited Zoo and revised the concept of animals like wild animals, reptiles, birds and their sounds and U.K.G children visited Clowns show and learnt that balance, focus, hard work and regular practice is needed to attain perfection. Children not only enjoyed the show but also learned a lot. It was fun filled, entertaining and educative.
