

CAREER GUIDANCE PROGRAM

Le Reve

The Dream

Interact club of Vana Vani Matriculation Higher Secondary School along with the Rotaract club of Ambattur (sponsored by the Rotary Club of Madras Chenna Patna) conducted a Career Guidance program for the students of Science and Commerce stream on 19th November 2022 in our school. The objective was to let the students know about the various professions and guide them in their career choices. The program was a grand success with students of classes 11 and 12 attending the program enthusiastically.

Science Stream: Career opportunities in the field of Artificial Intelligence, Engineering, and Medicine were explained by eminent 4 This session was conducted by Mr. P. Ramkumar -Vice President of Garuda aerospace. He spoke on how Artificial Intelligence is vital in today's world and gave an insight into drone technology and its advanced applications in farms and various other areas.

Engineering: This session was conducted by Mr. P. P. Tamilselvan, PGDTD and CC who is an alumnus of Vana Vani and did his B.E in Mechanical Engineering PG in the Indo German Tool Room. Mr. Tamilselvan was very interactive and explained the importance of engineering in today's world to everyone. He explored in-depth of mechanical engineering and its significance in today's world.

Medicine: This session was conducted by Ms. D r. V.S. Srinidhi graduated from Saveetha Medical College. She beautifully described the reality of pursuing a medical career. She inspired and motivated everyone, and she also taught us how to deal with stress while studying for the NEET and overcoming challenges in medical School.
