

REPORT ON DRAMATICS CLUB

Everyone has an innate quality of acting. Helping the students to bring out the best in acting and speaking was indeed an exceptionally memorable experience for me. I, J.S Vijayalakshmi, the coordinator of the club thoroughly enjoyed this new journey with my students. The club witnessed the creativity and hidden talents of some of the magical students.

The dramatics club consists of 35 students in classes 4 and 5. The students were divided into 4 teams and every team was headed by an eminent leader. The members of the team sat together and decided on a story to be performed. Every story had a moral in it. They modified the script with some inclusions and were ready with the final script. Every class was an interactive session where the members of the team sat together and discussed their roles and dialogues. The leader chose the role of each member.

Every practice session was thrilling as the students sincerely practised their dialogues. The teacher and the students discussed the dialogue delivery and the costumes for the skit. The students watched videos of stage performances of students of various age groups. This helped them to analyse the requirements of a good skit performance. The practice sessions in the auditorium helped them to have an insight into the use of a mike and the proper use of the stage.

Finally, every member worked on the properties for their team and worked on the makeup for the characters too. The students and teachers enjoyed all four skits which were showcased on the 1st of February 2023 “The Dramatics Culmination Day “that lasted for 20 minutes.

“Acting is magical. Change your look and your attitude, you can be anyone”
