

STD 4 - Field trip report

The students of standard 4 went on a field trip to Vandalur Zoo on 9th February, 2023. They were excited to see and learn about the different species of animals effectively, birds and fish. The student's observation enabled them to create an interest in conservation of animals. This provided the students with experiences outside their classroom activities, connect with nature and promote empathy and compassion towards these creatures. It also gave them scope to share, adjust and have fun with their classmates and teachers.
