

Lecture:nobel laureate- 20th October 2022

Around 50 students from classes 9 - 12 , accompanied by Mrs. Deepa Fredrick, Mrs. Indra Raghukumar, Mr. Sasikumar attended a lecture delivered by Prof. Didier Queloz, Nobel Laureate (2019 physics). The lecture was on - A fascinating journey - Exo planets and the search for life in the universe. @ Music Academy on 20 th October 2022.

Children were fascinated to know about the existence of new planets and the application of physics principle of Doppler Effect in the identification process.

How space probe pictures help in identification of matter contained in planets and the search for life. We profoundly thank the IIT M - for making all the travel arrangements.
