

GOOD HABITS, MANNERS, CLEANLINESS

On the 22nd of July, the month-end activity program was held on Nursery Campus. The topic was good habits, manners, and cleanliness. This program gives awareness among the kids about how to be healthy and hygienic, and the best ways to develop good habits and manners.

The children participated with great enthusiasm and were excited to perform on stage. They dressed up like different varieties of trees, to learn about kindness and good behaviour. Some children sang a song about the 5 magical words by holding placards of Sorry, Please, Thank you, Welcome, Excuse me, and some performed a dance to the theme of good manners.

The kids also gave a wonderful speech about good habits, manners, and cleanliness. Finally, the children enjoyed themselves well, and it was a great show.
