NURSERY VAN VIGYAN' 24 - A SCIENCE PROJECT DISPLAY

The Nursery students were especially captivated by the world of aquatic animals, discovering their colors, patterns, shapes, and how they live and breathe underwater. They also explored the homes of birds and insects, gaining insights into their habitats, offspring, and diets. Activities such as coloring animal pictures and creating paper plate masks added to the excitement. The event featured discussions on domestic and wild animals, accompanied by delightful animal-themed songs.

A highlight of the event was the presentation of models and charts on topics like body safety, school safety, safety at IIT, and medicine safety. Children and parents enjoyed a selfie point with firemen and water safety demonstrations, enhancing their understanding of safety measures in various situations.

The children also learned about the importance of trees and plants, including medicinal plants, products derived from trees, photosynthesis, parts of plants, and the life cycle of plants. They explored the benefits of the banana tree and gained a deeper appreciation for the value of trees in our lives.

Another engaging activity was the display of traditional indoor and outdoor games, combat sports, and games involving animals. Through these displays, children not only learned about different types of games but also understood the importance of playing games for entertainment and physical activity.

Van Vigyan provided a positive and immersive learning environment, offering our young learners a memorable and enriching experience.
