From the principal's desk

Now that the dust seems to have settled and we are back with books there is a visible sense of relief at school. That said, there is also an upside to the whole issue over 'samacheer' and 'CCE', if one is willingly to look at it from this perspective. While acknowledging the benefits of the equitable system of education, we have to find a workable module without compromising on quality.

No more is academic proficiency alone sufficient. Aesthetic skills are necessary too.

Extracurricular activities fulfill the aesthetic needs of a child. Man can never be complete and balanced unless his emotions are trained and developed.

It is imperative that schools find ways of striking a balance between academics, sports and activities that develop this aesthetic sense in a child. Influence by the teaching of dance, music and other arts cannot be understated.

"Science is curiosity about life, art is wonder at life, philosophy is an attitude towards life and religion is reverence for life and a cultured man will show development along these four lines".

We hope at our school we are doing just that, which is to evolve and help our children evolve in to cultured men and women.

Kudos to batch 2011!

The International School Award (ISA)

Vana Vani has added another feather to her cap of glory. The school has won the '**International School Award**' given by the **British Council**. The 'ISA' is an accreditation offered by the British Council for introducing internationalism in curriculum based learning in schools across India. It was a moment of triumph for Vana Vani when the results were declared. The accreditation is valid for three years from March 2011 – March 2014. The award as such will be presented at the formal ceremony to be conducted in New Delhi on 20th of October 2011. Three cheers to the Principal and the team of dedicated teachers and students who have achieved this for the school. A special thanks to all the parents who also pitched in and participated enthusiastically.
