

## RIDS ACTIVITIES - NURSERY

The inaugural of this activity was held on 2nd December 2024 with a puppet show, to introduce the chosen countries i.e. China, U.S.A. and Australia. The dragon boat race festival of China was compared with the Vallam Kali of Kerala. The sibling day of U.S.A. was compared with Raksha Bandhan of India, and the giant kite festival of Australia to the kite festival of Gujarat, India.

On 04.12.24, the LKG and UKG students were buzzing with excitement as they eagerly anticipated the upcoming colouring activity. Having already learned about the festivals of India, the USA, China, and Australia, they were ready to bring their knowledge to life. Drawings depicting dragon boats, Onam boats, Rakhi, and the Kite Festival were provided to the students for colouring. With crayons in hand, they started the activity.

It was heartwarming to witness the students' excitement and creative expression, making this colouring activity an unforgettable experience.

# Curriculum Activity 4

## Vibrant Festivals Across The Countries

# CRAFT

A craft activity was conducted on 6.12.2024, for the LKG and UKG children. It was aimed to educate the students about the cultural diversity of festivals celebrated in different parts of the world while encouraging them to express their creativity, teamwork and hands-on learning. The students had a great time making Rakhi's, greeting cards, wrapping gifts, and making vibrant kites and majestic boats while also learning about the different festivals associated with them. It was a very colourful and joyful affair.

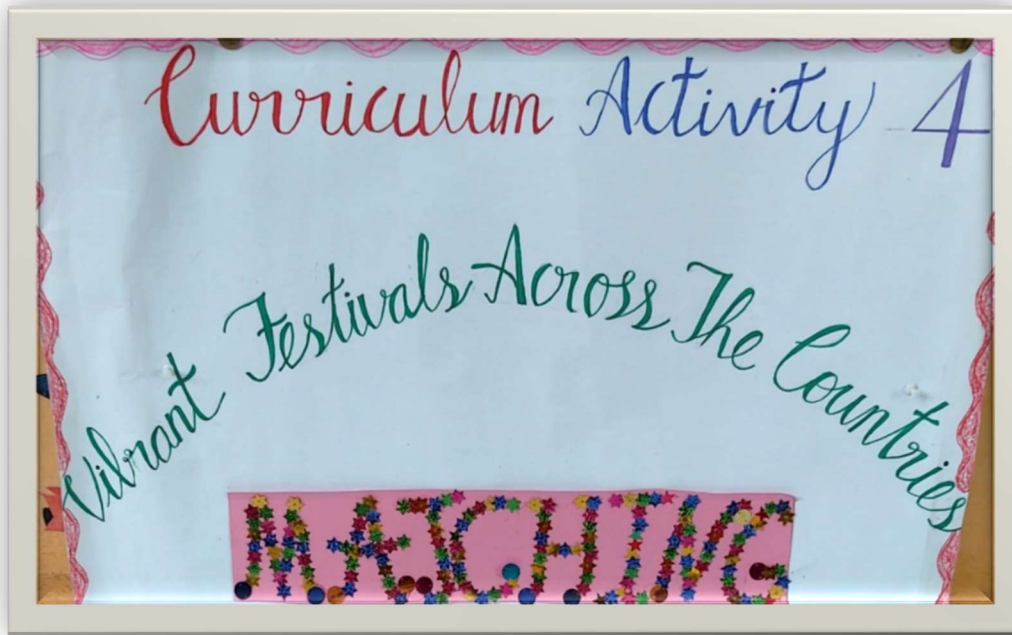

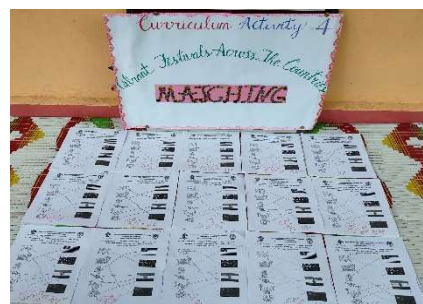

The sorting activity started by fixing the names and flags of the countries China, Australia, the USA and India by the LKG and UKG children on the charts. Pictures of dragon boat races, rice dumplings, Qu Yuan the Chinese poet, etc. depicting the dragon boat race festival of China, Giant kite festival pictures of Australia, Sibling Day pictures of USA were kept in the tray along with pictures comparing to Indian festivals like Onam boat race, Gujarat kite festival and Raksha Bandhan festival.

Children had great fun recalling, identifying and sorting the pictures to the respective countries. Overall, it was a great learning experience.

On December 13, 2024, LKG and UKG children were engaged in a matching activity. This helped the children identify the vibrant festivals and flags of different countries. As a comparison, children also learnt about the festivals celebrated in India with those in other countries. This matching activity encourages the children to learn more about other countries and their festivals.

On December 17, 2024, the SHOW AND TELL activity was held for LKG and UKG kids. The theme for this activity was " Vibrant festivals across the country".

The SHOW AND TELL activity plays a pivotal role in helping the children develop effective communication skills and build confidence.

Children spoke about the different types of festivals celebrated in India, the USA, Australia, and China. Through this activity, children learnt about the Onam boat festival of India (Kerala), the dragon boat festival of China, the kite festival of India (Gujarat) and the kite festival of Australia, the Raksha Bandhan festival of India, and the siblings' festival of the USA.

Children thoroughly enjoyed this show and the performance they gave was worth appreciating.

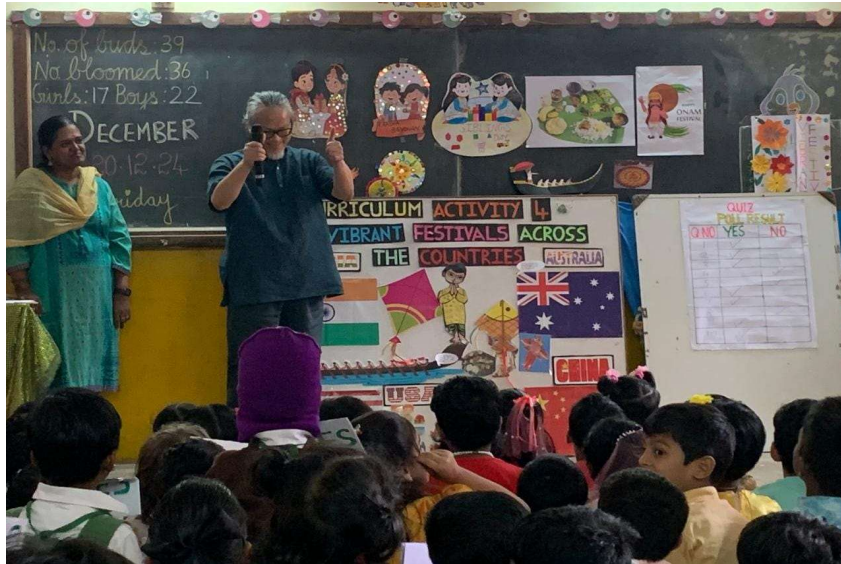

## CURRICULUM ACTIVITY 4

### VIBRANT FESTIVALS ACROSS THE COUNTRIES

**\*Finale Report\***

**DATE: 20.12.24**

The much-anticipated day of the RIDS Grand Finale took place on December 20th, featuring Professor Luoyi Tao as our esteemed guest. The Nursery was adorned with vibrant decorations showcasing the students' remarkable art and craft work, creating a colourful ambience.

The event commenced with a beautiful prayer song performed by the students of UKG A, followed by a warm welcome speech delivered by UKG C. The highlight of the day was the captivating dance performances, where children showcased the theme of "Vibrant Festivals across the countries." The performances featured cultures from India, Australia, China, and the USA, leaving the audience spellbound.

To further engage the students, a quiz was conducted to assess their understanding of the cultural presentations. Our chief guest, Professor Luoyi Tao addressed the gathering with inspiring words, emphasizing the importance of cultural appreciation and he really enjoyed being with children.

The program concluded with a heartfelt vote of thanks from UKG B. Overall, it was a wonderful experience for the children, fostering an appreciation for cultural diversity and encouraging them to respect and value different traditions.
