

CHILDREN'S DAY

Nursery Children's Day Report

Every child is a gift of nature.

Give them their today.

Give them time to play.

Make way for their future.

On the occasion of Children's Day, a cosplay activity was organized for the Nursery students. The event was divided into two groups:

L.K.G Section: Children had the freedom to dress up in costumes of their choice, showcasing their creativity and individuality.

U.K.G Section: Students followed specific themes assigned to each section:

Section A: "Our Nature"

Section B: "My Country"

Section C: "Daily Usage Products"

The children enthusiastically participated, donning vibrant costumes and delivering valuable messages related to their themes. The event was both entertaining and educational, leaving the audience impressed. It was a delightful and engaging experience for everyone present.
