

Global Handwashing Day is a global healthcare event celebrated on 15th of October every year to create awareness and understanding with soaps as a simple, effective and affordable way to avoid diseases.

Global handwashing days was celebrated in Nursery Vana Vani on 17.10.2024. Kids were eagerly waiting to know why are clean hands important? Teachers demonstrated the importance and necessity of washing hands to children and also taught them a song about how to keep clean hands They all sang the song with lot of excitement. 😊

Twinkle, Twinkle Little Star.

Look how clean my two hands are
Soap and water wash and scrub
Get those germs off, rub a dub.

By having such activities in schools' children will learn that proper handwashing with soap reduces the transmission of illness. On the whole it was an eye-opening activity for the kids.
