

IITM CERTIFICATION PROGRAM – STD XI

The school organised an orientation session led by Hari Krishnan N Head- Social Initiatives and Outreach, Project Head – Anaivarukkum IITM, for the certification course on Data Science and AI & Electronic Systems, a eight week online certification programme, exclusively for Std. XI students. On 10 July 2024, all the students assembled in the auditorium to listen to his speech. At first it was a motivational speech and activity to get connected with the students. It was followed by a PPT on course, followed by doubt clarifying session. In short, the session motivated the students and students started registering. We thank the principal for conducting such orientations that shall be very beneficial for the student's to decide their higher studies.
