

PRIMARY INTER-HOUSE ACTIVITIES – June 2026(ACTIVITY-1)

On June 13, 2026, students from STD 4 and 5 across all houses participated in various inter-house competitions.

The STD 4 students enthusiastically took part in the "3D Rangoli" competition. Participants brought their own materials and used colourful dry powders to bring their creative ideas to life. The competition witnessed a variety of vibrant and innovative designs that reflected imagination, precision, and teamwork. Students displayed excellent coordination and dedication while creating visually appealing Rangoli patterns.

On the same day, the Inter-House Solo Activity, "The Great Paper Flight Challenge," was held for STD 5 students. The event encouraged creativity, problem-solving, and an understanding of basic aerodynamics through a fun and engaging competition. Each participant demonstrated confidence, precision, and innovative thinking while aiming for the longest and most successful flight. The best valid attempt of each participant was considered for scoring.

3D Rangoli - Group Event -IV STD
