

PRIMARY INTER-HOUSE ACTIVITY – June 2024 (ACTIVITY1)

The primary section conducted the Inter-house activity for Std 3 students on June 22nd, 2024. The students enthusiastically participated in the “Build a Bridge-Little Engineers” competition. Students from different houses came together to design and construct bridges using various materials. They worked in pairs to make sturdy bridges using different materials like ice cream sticks and decorative things. It's not just about winning—it's about teamwork and creativity. On competition day, judges test the bridges to see which ones can hold the most weight. It's a fun way for students to learn and grow together.

The winners are as follows:

“Build a Bridge-Little Engineers “Competition (2 students per team)			
WINNERS	NAME	CLASS /SEC	HOUSE
I	ABI M S & AKILESH R A	III A	YAMUNA
II	PAAVAI S & SADHANAA T	III C	GODAVARI
III	TANISHA G & SAHANA MOORTHY	III A	GANGA
