

Vana Vani Nursery conducted a parents' workshop on July 13, 2024. The guest speaker was Ms. S. Harini, a guest lecturer and student counsellor from the Department of Counselling Psychology at the University of Madras. She shared valuable information and practical strategies to enhance parenting skills and offered guidance to help parents better understand their children's cognitive, linguistic, and emotional development. Following her lecture, the teachers shared their insights on training children in reading and writing, fostering discipline, using proper language for communication, improving learning styles, and focused on the importance of nutrition. Overall, the workshop was an eye opener for parents.
