

Van Mahotsav Celebration at Vana Vani School

Van Mahotsav, the annual tree plantation festival, was celebrated with great enthusiasm at Vana Vani School from July 1st to July 7th. This week-long event highlighted the significance of tree planting and conservation, engaging the entire school community in promoting a greener environment.

The celebrations began with our Principal, Mr. P. Sathish Kumar, planting saplings on the school campus, setting an inspiring example for everyone. His efforts were followed by the dedicated participation of Mr. Jeeva from the non-teaching staff and several enthusiastic teachers.

The initiative gained further momentum as our Secretary cum Treasurer, students, and several motivated parents joined in, collectively planting nearly 30 different saplings, including a diverse range of trees, flowering plants, and herbs. This collaborative effort demonstrated the community's commitment to environmental sustainability.
